Campaign Name: Cancer Patient Support Fund by BRAC India

Project Area: Maharashtra, India

Campaign Type: Medical Assistance / Cancer Patient Support

Fundraising Target: ₹35,00,000

Implementing Organization: BRAC – Bureau of Randomly Active Committee

1. Background

Cancer treatment can create serious financial difficulties for patients and their families.

Treatment may require repeated hospital visits, medicines, diagnostic tests, surgery, chemotherapy, radiation and follow-up care. Patients travelling from another district may also face expenses for transportation, accommodation and food.

Low-income families may find it difficult to meet these expenses while continuing treatment.

BRAC proposes to establish the **Cancer Patient Support Fund by BRAC India** to provide financial assistance toward essential treatment-related expenses for verified cancer patients.

2. Purpose of the Campaign

The purpose of this campaign is to provide practical financial support to cancer patients from financially vulnerable families so that lack of money does not unnecessarily interrupt essential treatment or related medical care.

3. Area of Operation

The initial phase of the campaign will primarily support eligible patients in Maharashtra.

The geographical scope may be expanded by BRAC in the future depending on available funds, organizational capacity and programme requirements.

4. Eligibility

Assistance may be considered for individuals who:

- have a confirmed cancer diagnosis;
- require treatment or treatment-related support;
- belong to a financially vulnerable household;
- provide appropriate medical documents;

- provide information required for verification; and
- satisfy BRAC's internal assessment and approval process.

Approval of assistance shall remain subject to verification and availability of funds.

5. Proposed Support

Depending on individual need and available funds, assistance may include support toward:

- medicines;
- diagnostic investigations;
- hospital treatment charges;
- chemotherapy or radiation-related expenses;
- surgery-related expenses where approved;
- transportation for treatment;
- temporary accommodation;
- nutritional support;
- required medical equipment; and
- other essential treatment-related expenses approved by BRAC.

6. Verification Process

BRAC may request medical reports, prescriptions, treatment estimates, hospital documents, identity details, residence information and basic financial information.

BRAC may contact the treating hospital, doctor, diagnostic centre, pharmacy or other relevant service provider where verification is required.

Additional verification may be conducted depending on the circumstances of the case.

7. Method of Assistance

Where practical, BRAC will prefer direct payment to hospitals, diagnostic centres, pharmacies or approved service providers.

Payment directly to the beneficiary may be considered when direct vendor payment is not practical and the requirement has been verified.

8. Beneficiary Selection

Beneficiary selection will be based on factors including:

- seriousness and urgency of need;
- financial condition;
- treatment requirement;
- documents available;
- amount of assistance required; and
- funds available under the campaign.

BRAC reserves the right to approve, partially approve or decline a request after verification.

9. Monitoring and Documentation

BRAC will maintain appropriate records relating to:

- beneficiary applications;
- supporting documents;
- approvals;
- payments;
- bills and receipts;
- utilisation of funds; and
- programme updates.

Where appropriate, photographs, beneficiary acknowledgements and activity records may also be maintained.

10. Transparency

BRAC intends to provide periodic campaign updates showing the utilisation and impact of donations. Sensitive personal, financial and medical information of beneficiaries will be protected and will not be made public unnecessarily.

Public updates may include the number of patients supported, assistance provided and amounts utilised.

11. Use of Remaining Funds

If funds allocated for a particular patient are no longer required, or if donations exceed the immediate requirement of a particular case, the remaining amount will continue to form part of the BRAC Cancer Patient Support Fund and may be used for other eligible cancer patients.

12. Duration

The campaign may continue until the fundraising target is achieved or until BRAC decides to close, extend or revise the programme based on need and available resources.

13. Reporting

At appropriate stages, BRAC may publish utilisation updates and a campaign completion or impact report describing:

- total donations received;
- total amount utilised;
- number of beneficiaries supported;
- type of support provided; and
- remaining balance, if any.

Declaration

BRAC confirms that donations received under this campaign will be used for the charitable purposes described in this Project Note, subject to beneficiary verification, programme requirements and availability of funds.
